Students should perform the following scales and arpeggios as shown on the second page of this document and through the ABA website. - D Dorian Scale and Arpeggio
- E Dorian Scale and Arpeggio
- G Dorian Scale and Arpeggio
- A Dorian Scale and Arpeggio
- C Mixolydian Scale and Arpeggio
- D Mixolydian Scale and Arpeggio
- G Mixolydian Scale and Arpeggio
- A Mixolydian Scale and Arpeggio
- Bb Blues Scale

2. Etude (20 Points)

The High School Etude II is available on the third page of this document and through the ABA website. A full ensemble recording with Finale midi instruments is available for practice purposes in the High School Audition II Etude folder and through the ABA website, but the Finale midi recording should not be used during the audition recording.

3. Play-A-Long (60 Points - 30 Points Each: 10 for Melody, 10 for Comping, 10 for Improvisation)

A. Satin Doll - With the Backtrack set for GUITAR, play three times: play the melody one time, comp second time (use the chord symbols to play the written chords), and improvise the third time (1st time melody, 2nd time comping, 3rd time improvisation). Improvisation for **Satin Doll** can be done using the major, dorian, and mixolydian scales from the scale sheet. There are many recordings of this tune. Listen to Duke Ellington from the 1953 Capitol Records recording and Coleman Hawkins with the Red Garland Trio (Satin Doll).

B. Doxy - With the Backtrack set for GUITAR, play three times: play the melody one time, comp second time (use the chord symbols to play the written chords), and improvise the third time (1st time melody, 2nd time comping, 3rd time improvisation). The improvisation on **Doxy** can be done using the Concert Bb Blues Scale throughout. Style is important in this piece. Listen to several recordings to get a feel for the proper interpretation. There are many excellent recordings of this tune. Sonny Rollins and Miles Davis recorded the standard versions.

Satin Doll and **Doxy** can be found in *Volume 54: Maiden Voyage, Play-A-Long Book and Audio Set* by Jamey Aebersold at www.jazzbooks.com. This book contains the tunes for all instruments and is not instrument specific. Guitar students should use the C treble clef section of the book. Students should record themselves playing along with the accompaniment. This track has stereo separation where the Guitar is only in the right channel. Turn the right channel down when playing along with the recording so only the drums and bass are heard through the accompaniment speakers. The backtrack is available through purchase of this book. A pre-set Backtrack for GUITAR is available through the Google Drive folder with these requirements.
