3. Play-A-Long (60 Points - 30 Points Each: 15 for Melody, 15 for Improvisation)

A. Satin Doll - With the FULL accompaniment, play two times: play the melody one time, improvise the second chorus (1st time melody, 2nd time improvisation). Improvisation for Satin Doll can be done using the major, dorian, and mixolydian scales from the scale sheet. There are many recordings of this tune. Listen to Duke Ellington from the 1953 Capitol Records recording and Coleman Hawkins with the Red Garland Trio (Satin Doll).

B. Doxy - With the FULL accompaniment, play two times: play the melody one time, improvise the second chorus (1st time melody, 2nd time improvisation). The improvisation on Doxy can be done using the Concert Bb Blues Scale throughout. Style is important in this piece. Listen to several recordings to get a feel for the proper interpretation. There are many excellent recordings of this tune. Sonny Rollins and Miles Davis recorded the standard versions.

Satin Doll and Doxy can be found in *Volume 54: Maiden Voyage, Play-A-Long Book and Audio Set* by Jamey Aebersold at www.jazzbooks.com. This book contains the tunes for all instruments and is not instrument specific. Tenor Sax students should use the Bb treble clef section of the book.
